

Monthly timesheet for MSc Geoinformatics i3 - 20S856165

IDENTIFICATION OF THE PROJECT & PARTICIPANT(S)

Firstname Lastname	Stephanie Tumampos
Project Acronym	Project SANPIC
Project Title	Salzburg Airport noise pollution impact analysis to city demographics

TIME Winter Term 2019 / 2020

Day	Time		Hours	Project related activities Activity (description of activity and concerned work package)
	(from)	(to)		
1.	10:00	15:00	5:00	Project planning
2.			0:00	
3.			0:00	
4.	12:00	21:00	9:00	Communicated with team, defined scope and objectives
5.	18:00	22:00	4:00	Literature study
6.	16:00	18:00	2:00	Discussed and identified challenges and issues with the project
7.	15:00	18:00	3:00	Literature study
8.	15:00	17:00	2:00	Communicated with team to review weekly accomplishments
9.			0:00	
10.			0:00	
11.	10:00	14:00	4:00	Collected data such as Salzburg Population and Public Facilities
12.	18:00	22:00	4:00	Collected Noise data
13.	17:00	23:00	6:00	Researched tools to be used for the project and studied how to use them
14.	17:00	20:00	3:00	Literature study
15.	12:00	15:00	3:00	Literature study
16.			0:00	
17.			0:00	
18.	15:00	21:00	6:00	Accessed historical data
19.	18:00	0:00	6:00	Accessed historical data
20.	14:00	18:00	4:00	Checked quality of accessed historical data
21.	12:00	14:00	2:00	Literature study
22.	13:00	15:00	2:00	Literature study
23.			0:00	
24.			0:00	
25.	17:00	23:00	6:00	Tested database, identifying issues and cases
26.	17:00	23:00	6:00	Tested database, identifying issues and cases
27.	14:00	18:00	4:00	Helped in accessing real time data through Node red
28.	12:30	14:00	1:30	Helped identify issues in NodeRed and resolved them
29.	2:30	5:00	2:30	Helped identify issues encountered in establishing Geoservers
30.			0:00	
85:00:00
