Monthly timesheet for MSc Geoinformatics i3 - 20S856165

IDENTIFICATION OF THE PROJECT & PARTICIPANT(S)

Firstname Lastname	Rochamukti Rizcanofana

Project Acronym	Project SANPIC

Project Title	Salzburg Airport noise pollution impact analysis to city demographics

TIME — Summer Term 2019 / 2020

Day	Time (from)	Time (to)	Hours	Activity (description of activity and concerned work package)
1.	18:00	21:00	3:00	Project Management and Setup
2.			0:00	
3.			0:00	
4.	15:00	20:00	5:00	Defined scope and objectives
5.	20:00	23:00	3:00	Research
6.	14:30	17:30	3:00	Research
7.	16:00	21:00	5:00	Identifying challenges and issues
8.	17:00	21:00	4:00	Research
9.			0:00	
10.			0:00	
11.	10:00	20:00	10:00	Identified issues and challenges
12.	17:00	19:00	2:00	Finding data sources
13.	20:00	23:00	3:00	Finding the SDI tools and learning how to use them
14.	14:00	15:30	1:30	Reading and research on how to use tools for the project
15.	13:00	16:30	3:30	Accessed historical data
16.			0:00	
17.			0:00	
18.	18:00	20:30	2:30	Accessed historical data
19.	18:00	20:00	2:00	Accessed historical data
20.	17:00	19:00	2:00	Accessed historical data
21.	9:00	19:00	10:00	Accessed historical data and stored in DBMS
22.	14:00	17:30	3:30	Establishing proper database
23.			0:00	
24.			0:00	
25.	12:00	21:00	9:00	Finding resources for real-time data for noise
26.	15:00	20:00	5:00	Accessing real time data through Node red
27.	16:00	20:00	4:00	Accessing real time data through Node red
28.	15:00	16:00	1:00	Publishing in Geoservers
29.	15:00	16:00	1:00	Publishing in Geoservers
30.			0:00	
			83:00:00
